

# WA Health Path — Options for health and dental insurance

Get connected

You will need to work with a WA Health Path navigator to get health and dental insurance. Many WA Health Path navigators can help you in the language you speak and understand. If you already know a navigator, contact them. If not, you can find one in your area using the list below. These organizations also have interpreter services in multiple languages. When you contact them, ask about WA Health Path.

WA Health Path customers' personal information is not shared with other state or federal agencies, including immigration enforcement.

## **Better Health Together**
